

# WearWell

Established in 2002, we are an end-to-end apparel solution provider based in New Delhi, India, fueling Fashion and Accessory brands across Europe and the United States. WEAR WELL, is the most preferred apparel resource center for leading fashion houses globally.

Our Management comprises of professionals with vast experience within the industry and a vision to relentlessly add value to our “Customers”. Supported by our state-of-the-art manufacturing facilities for woven’s and jersey our expertise is to convert “designs to garments”. According to our customer we are equipped to offers competitive pricing and highest quality standards. We aim to achieve exceeded customer expectations on all fronts i.e Product Development, Process Management & Client Servicing.

Our creative teams are constantly exposed to International trends, extensive research and designs which add value to our product range. As a result of our determination and ambition to succeed we have wide US and European clientele.

In Europe, our clients include: Next, Inditex (Massimo Dutti & Zara), Marks and Spencer, Mango, Sainsbury’s, BHS and more.

In the US, our clients include: Anthropologie, Forever 21, Urban Outfitters

Wear Well offers a wide range of services right from forecasting trends to delivering finished products. Quality is our hallmark across all stages and we consistently deliver to our customer's demands. We have traversed beyond just manufacturing of garments.

## PRODUCTS

Guided by our Vision, we at Wear Well, strive to embody what we believe in - "Innovation and Creativity". Designs that are balanced between imaginative creativity and practical functionality are the essence of our products.

Our products encompass a wide range of Woven and Jersey garments for men, women and children. Our strong global fabric and accessories sourcing base coupled with our in-depth yarn and fabric knowledge, allows us to boast of an in-house fabric range covering natural and synthetic fabrics, plain and yarn dyes, solids and prints, handlooms and mill-made, twills, jacquards, denims, corduroys, linens, etc.

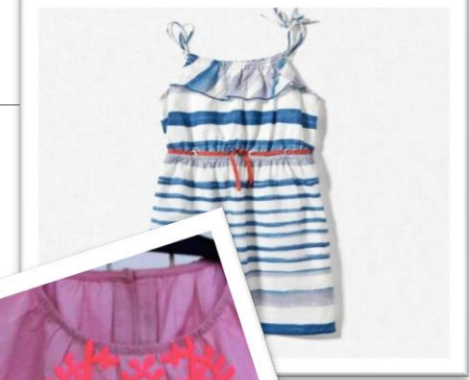

## SOURCING

We also assist our clients in sourcing related garments and home textile products and accessories right from the manufacturing hub for these - be it in India or the Far East. We thereby offer clients a one-stop shop wherein they benefit from experience and enjoy the value proposition of low price, quality assurance and convenience.

## INFRASTRUCTURE

With over 1500 machines, our comprehensive in-house facilities provide a one-stop solution. Right from designing to sourcing to shipping the finished product, we work towards serving all our customers' requirements. Spread across three manufacturing units, we successfully produce more than 4,00,000 pieces every month. ***Our facilities are compliant with ethical and technical international standards for US and European Markets.***
